

Mariposa is the Spanish word for butterfly. Autism Tree Project Foundation (ATPF) is creating the Mariposa auxiliary to give strength and financial support to the organization and its programs by holding an annual event. Mariposas will have first access to purchasing VIP tables at the annual event or any fundraising events held for ATPF during the year. A Mariposa is an advocate for ATPF awareness and children and programs in our community. A Mariposa affects change and helps ATPF programs take flight.

Founded in 2003, ATPF is a 501(c)(3) organization dedicated to improving communities in San Diego County by assisting with education, advocacy, screening and mentoring for families impacted by autism. More than 1,500 youth and families participate in annual activities. An average total of 675 youth are screened annually with 5,141 preschoolers screened since 2006. ATPF's Youth Education and Developmental Services coordinates a variety of intensive programs designed to engage youth with autism in a variety of services, aimed at improving their confidence and behaviors, plus improve their social support.
